PROFESSIONAL SUMMARY

Team-oriented and goal-driven individual aspiring to launch a successful career as a Front-End Developer, bringing a strong commitment to producing visually stunning and user-friendly websites.

EDUCATION

Bachelor of Science (Information Technology)	2019 - 2022
MSD University Ajmer, Raj.	Grade: 78.41 %

INTERMEDIATE (CLASS XII)	2018 - 2019
Prince School Sikar, Raj.	Grade: 76.67 %

EXPERIENCE

Front-end Developer   WFH
W3speedup
Responsibilities:

- Developed and maintained user interfaces using React.js and Material-UI. Collaborated with cross-functional teams to define, design, and ship new features.
- Ensured the technical feasibility of UI/UX designs and optimized applications for maximum speed and scalability

Achievements:

- Contributed to the development of new features using React.js, resulting in a 30% reduction in page load times.
- Introduced and implemented Tailwind CSS, increasing development efficiency by 25%.
- Developed a mobile application using React Native, boosting user engagement by 15%.
- Enhanced application performance by 20% through optimization of JavaScript code.

RELEVANT PROJECT EXPERIENCE

My Portfolio   (GitHub) (Demo)

- It is a user-friendly interface that allows users to interact.
- Tech stacks used in this project is JavaScript, Html, Tailwind CSS, Next.js.
- User can reach out to me by filling the form.
- Also attached multiple compact projects in my portfolio, which shows my skills.
- The contact form is connected to a Google Sheets script, allowing users to submit their name, email, and message.

CERTIFICATIONS

Trainee, PSA   September2024
Full Stack Web Development along with Data Structures, Algorithms and Problem Solving
Technical Stack learnt: HTML, CSS, JavaScript, ReactJS, Redux.

- Participated in coding contest held by Newton School
- Worked on real time projects
- Acquired proficiency in version control using Git, facilitating collaboration and code management within the development team.
- Developed a strong understanding of front-end and back-end interactions, state management, and component-based architecture.
- Learned about user authentication and authorization, integrating features like user login and registration into applications.

SKILLS

Language: JavaScript, HTML, CSS, TypeScript
Software Package: React.js, Next.js, Redux, Tailwind CSS, Mongo DB, Git, GitHub
Soft Skills & Work Approach: Agile Methodology, Problem-Solving & Debugging, Strong Communication Skill
